

Google Participant Entry Survey

English

Google aims to help people from a range of backgrounds improve skills and build careers in fast growing fields. To help Google assess the effectiveness of this effort, we would like you to share information on your background and experiences in this survey. It will take approximately 5 minutes to complete.

By completing this survey, you understand that the information provided will be shared with Google and Coursera. Please note that all data will be analyzed in aggregate and decoupled from data identifying you as an individual. Google and Coursera will use this data in aggregate to improve the performance of the program. Responses will not affect your course experience or grades.
