

Google Certificate Participant Completion Survey

English

Now that you have completed the certificate, Google would like to learn how you are doing and how well the Google Career Certificates program is meeting goals to help people from a range of backgrounds improve skills and build careers in fast growing fields. In this survey, you have the option of sharing information about your educational and career path. This survey will take approximately 5-10 minutes to complete.

By completing this survey, you understand that the information provided will be shared with Google and Coursera. Please note that all data will be analyzed in aggregate and decoupled from data identifying you as an individual. Google and Coursera will use this data in aggregate to improve the performance of the program. Responses will not affect your course experience or grades.
